## Regarding Class Placements at W.E.S. – 2017-2018

W.E.S. Parents and Guardians,

As we begin the process of placing students in classes for the subsequent school year, we know that parent input is quite valuable. Our teachers will spend considerable time ensuring that we balance our classrooms. Many factors are considered. They include but are not limited to learning style, academic and social needs, peer relationships, etc. This is an incredibly time consuming and equally valuable process.

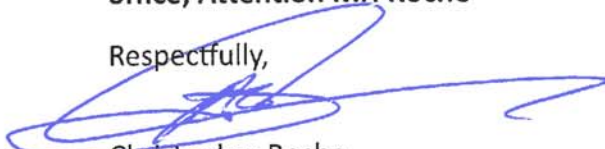

We invite you to provide input into the process. You are your child's first teacher and are well versed in needs, as well as strengths and areas in need of support. The information gleaned will help us best match student to teachers and peers to create a balanced, heterogeneous learning environment.

Please use the attached form to discuss your child's learning style, interests, and needs. Please use phrases such as the following: needs structure, an independent worker, needs high accountability, needs nurturing, or needs a push. **Please know that you are not selecting a teacher through this process, nor are you selecting classmates. Teacher names should not appear on the form. Additionally, we ask that you please refrain from listing students who you do not want in your child's class.**

**We are committed to providing the highest quality instruction at Wells Elementary. Thank you for your feedback as well as your continued support of Wells Elementary School.**

**Please complete the form on the 2nd page and return in an envelope and return to front office; Attention Mr. Roche**

Respectfully,

Christopher Roche  
Principal, Wells Elementary School
